

Ask yourself the following...

Do you want your child to have access to their digital resources for the 2016-2017 school year? Are you sick of helping them memorize URLs and different usernames and passwords? Do you want them to have a one stop shop solution?

If you answered yes, we have your solution!

Pasco County Schools will be utilizing myPascoConnect as a Single Sign-On (SSO) solution that will allow you to use one username and password to access everything you need. Your students can access myPascoConnect at mypascoconnect.pasco.k12.fl.us, which will provide a way for all students to login and view their individualized Launchpad. Your student's myPascoConnect account credentials are as follows:

Username: Student ID/Lunch Number (ex. 123456)

Password: LDAP Password (ex. Stars21#)

*Please note that some applications will require students to login the first time so that myPascoConnect can store their password and use it for future logins.

For additional resources please visit our district's DIY site at <http://connectplus.pasco.k12.fl.us/do/tistechtips/mypascoconnect/>
